2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Plaza Elementary is a small rural K-8 school in Glenn County near the city of Orland. It is a single school district with 203 students in grades K through eighth grade, all of which are single grade classes. Plaza is usually staffed by nine fulltime credentialed teachers and a full time superintendent/principal. Plaza hired a .8 FTE certificated teacher to provide intervention services to students in our Learning Center, as well as a part time classroom aide to help support classroom teachers. In addition to the credentialed staff there are five full time paraprofessionals who also serve as after school activity assistants, two office clerks, one cafeteria manager, cafeteria aide, two bus driver/custodians, and one part time after school activity assistant. Glenn County Office of Education (GCOE) provides direct support to the district in special education, speech, psychologist and health services. GCOE also maintains a severe services program in a separate facility on campus.

Mission Statement- To provide a lifelong love of learning through a positive and supportive school climate that provides the opportunity for all students to achieve their full educational and social potential. School staff, parents, and community members provide support that encourages high expectations of all students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The inspection was completed using the OPSC facilities evaluation tool. This report shows the school received an overall rating of 100%, which means all areas are in good repair with no significant discrepancies noted. The overall school rating was exemplary. The campus is clean and well maintained. Over the last five years, Plaza has painted all buildings on campus, reroofed two modular buildings, upgraded the septic system, replaced 10 HVAC units, and installed solar panels that have generated more energy than used.

Plans have been designed to build a gymnasium on campus and install three new portable classrooms. Furthermore, plans to modernize existing buildings include replacing the roof on the main building, upgrading bathrooms for staff and students, and installing a fire suppression system. All plans have been approved by California Department of State Architects, California Department of Education, and California Department of General Services, and are awaiting funding from a grant through California Office of Public School Construction. We anticipate new construction to begin in 2023.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	65	N/A	65	N/A	47
Mathematics (grades 3-8 and 11)	N/A	59	N/A	59	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Plaza prides itself on excellent parent support. The Plaza Community Club is a parent/teacher organization which is very active in providing funding and volunteer assistance for classrooms, campus improvement, field trips and other activities planned throughout the year. Parents interested in getting involved should contact the school office or their child's teacher for more information. The School Site Council consisting of staff and parents help create and review state mandated policies, and also evaluate academic programs. Usually, many students in grades 4-8th are involved in Student Government activities such as spirit weeks, rally's, dances, chess club, and yearbook. Many parents, grandparents, and retired staff regularly volunteer to work in K-6th grade classrooms.

2021-22 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.00	0.00	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The School Safety Plan is reviewed each year by the School Site Council and changes or additions will be presented to the Board of Trustees for its review and approval. The Plaza teachers discussed the plan in monthly staff meetings. It was presented to the Board of Trustees on December 9th, 2021 and January 20th, 2022, and approved by them on January 20th, 2022. The plan contains all elements required by Education Code 35294.1 including child abuse reporting procedures, disaster response, suspension and expulsion policies, sexual harassment policy, dress and behavior policies. Within the last five years, Plaza has upgraded school security and safety by installing fences and gates, as well as cameras throughout campus. Additionally, after consultation with local law enforcement and fire personnel, improved policies for visitors on campus, and procedures for emergency situations has been implemented.

2021-22 Types of Services Funded

Plaza Elementary provides instruction in all the core subjects for grades kindergarten through eighth grade. In addition to the regular curriculum an instrumental music teacher conducts classroom music for K-6th grades. We also contract time with a local artist who provides weekly art projects for each class.

State and Federal categorical funds are used to hire paraprofessionals to assist teachers with individual or small group instruction including those identified as being qualified for Title I services. A small amount of federal funds are available for English learners. Plaza has a "small but scattered" program and English learners are placed in the regular education classes. Special education services are provided by the Glenn County SELPA. A 1.0 Education Specialist and all of our aides work with "mild/moderate" special education students in most classrooms. Although the number of SPED students is low, the Education Specialist and a classroom aide assigned to the Learning Center are employed full time in order to provide a robust intervention program for students who are not at grade level. Plaza has a .8 FTE certificated teacher and a .75 FTE paraprofessional to provide intervention services to students who are not mastering grade level standards.

Professional Development

Plaza Elementary typically schedules one minimum day per month for staff development. Staff are encouraged to participate in other opportunities throughout the year, and many do. In 2021-22 we focused primarily on Multi Tiered Systems of Supports for all students, specifically academic and social emotional supports. We collaborated as a whole school, as well as within grade level spans to devise a program that was rigorous yet accommodating for all the barriers to learning students experience, some of which resulted from long term school closers and extended absences due to quarantine guidelines. Through professional development and collaboration, we were able to offer a robust program that met the needs of all students.
